LIBRARY LEAGUE AT WESTERLY

Boys Organize for General Improvement—Banquet of Young Men's Republican Club This Evening—Baptist Church Accepts Resignation of Rev. George W. Rigler, D. D.—List of Successful Applicants for License.

A Library league, composed of boys who take advantage of the benefits of the juvenile department of the Westerly public library, conducted by Miss Alice Kennedy, was organized Wednesday evening and officers elected as follows: Edward Peabody, president; Edmond Penelon, vice president; Elliot Miller, secretary; Earl Leonard, treasurer. The term of office was fixed at two months and the fees for the same period ten cents. Meetings will be held Tuesday evening. Joseph L. Peacock and James E. Kennedy were elected counselors and all applications for membership must receive their approval before being admitted into the league.

There will be special features at each meeting, the order of exercises being arranged at each weekly meeting for the succeeding session. The order for next Tuesday evening will be as follows: Salute to the flag, public reading of minutes, address by librarian Joseph L. Peacock, business session, and salute to the flag. A committee on names and league colors was appointed.

The object of the league is for the general betterment of the condition of the boys and to create interest in the use of the public library. They agree to assist the librarian of the juvenile department in keeping the books in good condition and to bear in mind that good books contain the living thoughts of good men and great men and women and are entitled to respect. Also, not to handle the library books roughly, but cultivate the habit of the right use of books. The boys also agree to be manly and correct any evidence of wrongdoing in other boys and they pledge themselves not to use tobacco or alcoholic drink in any form and to conform to all rules that tend to lead to good citizenship.

The meetings for the present will be held in the juvenile department of the library.

Edward Pazzi, an expert carver of granite, has suffered from nervous trouble for some time, at times becoming violent, and has been cared for by his wife and children until he passed beyond their control and became a danger to the peace of the community and to himself. The testing of Pazzi by Drs. Scanlon and Morgan the Third district court adjudged Mr. Pazzi insane and he was committed to the state hospital at Cranston and was

taken there Wednesday by Police Sergeant Brown.

The physicians are of opinion that there is probability of his recovery after a term of special treatment at the state hospital.

The Young Men's Republican club of Westerly is a permanent organization with large membership. Its object is to promote the best interests of the republican party and to take special interest in the new voters into the proper political path and also to have a dinner at the Dixon house immediately after the annual election of officers. This event will take place this (Thursday) evening. It is expected that about two hundred local republican voters will be in attendance.

There will be addresses by ex-Governor George H. Utter, republican candidate for congress from the Second district, and by Rev. Clayton A. Burdick, pastor of the Seventh-day Baptist church. The speakers from out of town will be Judge Frank H. Merrill, who represented the town of Bristol in the state senate at the last session, and W. C. Bliss of Providence, deputy town clerk of that city. Judge John W. Sweeney will be toastmaster.

The committee of arrangements is composed of George H. Utter, Dr. Alexander Ferguson, Robert G. Thackeray, John J. Dunn, Lewis Stanton, Edward J. Burdick, Arthur L. Perry and Louis J. Reuter.

At the close of the prayer meeting Wednesday evening, there was a business session of the First Baptist church society, at which the resignation of the pastor Rev. George W. Rigler, D.D., was considered. Deacon William H. Grand, president of the church corporation, presided. After the minutes were read, which included Dr. Rigler's resignation, and they were formally approved for record, the resignation was accepted.

Several members spoke feelingly of the friendly relations that existed between pastor and people, and regretted that there was to be severance of the tie that binds.

Resolutions were adopted complimentary to the retiring pastor and speaking for him success in his new field. The resignation will be in effect November 15 when Rev. Dr. Rigler will go to Lonsdale, R. I., where he has been called to the pastorate of the Baptist church.

The county commissioners have published that liquor licenses have been granted in the village of Pawtucket to John Mahoney, Bernard Halpin, Howard C. Reynolds, Michael Neville and Albion Tattersall, places all within the police patrol and in full view of the public. It is understood that two and perhaps three more liquor licenses will be granted for Pawtucket and provided these can be had of the local license board.

Michael Kelscher for a spoon on the north side of West Broad street. This would leave at the outside limit only two or three more licenses, one of which will be some distance from West Broad street.

The other license is probably being reserved for the village of Pawtucket. It having been published that the club intended to make application for a license. The clubhouse has been rebuilt and convenient for arrangements, indicating that it was to be made a licensed place. A former officer of the club is among the number that has been granted license.

NEW HAVEN'S NEW ELMS.
In memory of James Hillhouse, who planted the original elms on the Green at New Haven, twelve elms were set out there on "Hillhouse day" last week. The old trees have been thinned by the ravages of time, and it is gratifying to see the city undertaking, even at this late date, to preserve, so far as it can, the beauty and reputation of its historic common, so rich in traditions and associations. New Haven has long been known as the City of Elms, and there is no doubt that the new elms, in recognition of its fine old trees, the Elm City. But it

has been in some danger of forgetting its right to the title. It should plant elms elsewhere than on the Green, and at no distant day. On Hillhouse day a hundred elms were presented to citizens agreeing to set them out; but there ought to be a more definite crusade, if adequate results are to be obtained. And there would be a peculiar propriety in planting elms rather than any other variety of tree, though the enemies of the elm are just now excessively annoying and destructive.—Providence Tribune.

JUST IN TIME

Some Norwich People May Wait Till It's Too Late.

Don't wait until too late. Be sure to be in time. Just in time with kidney pills. Means curing the back. Before backache becomes chronic. Before serious urinary troubles set in.

Doan's Kidney Pills will do this. Here is Norwich testimony to prove it. Mrs. Henry Deering, 439 Main St., Norwich, Conn., writes: "I suffered terribly from pains in my back and I think they were due to disordered kidneys. I was always in great misery when I lay down and was often unable to sleep. Mornings when I arose I felt so stiff and lame that I could scarcely get about, and if I stooped sharp twinges darted through my loins, making it hard for me to straighten. At times my face was so badly swollen that my eyes were closed. Although I was treated by physicians I obtained no benefit until I heard of Doan's Kidney Pills. Their use improved my condition in every way. In fact, to so great an extent that I felt like a different person. My experience with Doan's Kidney Pills warrants me in recommending them in the highest terms."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.
